The invoice forms an agreement between The French Pastry School and the student and is to be signed by both parties. Payments are expected in accordance with the terms of the agreement. Late payment is unacceptable and may result in the student not completing the program.

The French Pastry School is not responsible for lost or stolen pastry tool kits, books or uniforms. Students should also take time to engrave or mark their individual items so that they are easily identified in the kitchen. The pastry tool kit cannot be left in the classroom. Classroom Attendance
Daily attendance is mandatory and documented. Punctuality is essential and a courtesy to class colleagues and instructors. Classes begin promptly at 6:45 am for morning students and 1:15 pm for the afternoon students and class is dismissed by the Chef Instructor. You are to inform the Faculty (faculty@frenchpastryschool.com) when you will be absent, arriving late or need to leave early if not previously documented and approved. No phones calls will be accepted.

Late arrivals or early leaves disrupt the class in progress. If you arrive to class later than 15 minutes after the scheduled start time or leave prior to the Chef’s dismissal without prior agreement from the Dean of Student Affairs, you will be marked absent. Unexcused late arrivals or early leaves are grounds for academic probation or expulsion by the program ratio listed in the Absentee Policy.

Absence will seriously impair your ability to successfully complete the program. Excused absences include circumstances such as medical, military, and jury duty. Supporting documents must be submitted to excuse the absences.

For additional information on how absences affect your grade please see the Attendance Policy.

Make Up Class Time and Exams
Make up classes and exams due to excused missed class time will require the student to pay $50.00 per rescheduled class day or $250.00 for make up of a missed exam. The requirement will be determined by the Dean of Student Affairs. The student is responsible for immediate payment and rescheduling for the missed time with the Dean of Student Affairs. If the class the student missed is no longer being taught during the present term the student may be given the opportunity to reschedule during an alternate term. It is the student’s responsibility to reschedule this exam with their Dean of Student Affairs immediately upon their return to class. Payments for make up class or exam time must be made prior to the scheduled make up dates.

Kennedy-King College  
6301 S. Halsted St.  
Chicago, IL  60621  
General Information: 773.602.5000

A student’s official transcript with current college credits must be requested from KKC as outlined in the Procedure for Obtaining Student Transcripts section of this document. Due to the highly specialized nature of training provided by The French Pastry School, we will provide students and alumni with unofficial transcripts including student grades and module descriptions. Setting our students up for a **successful career** is the driving force behind all that we do. Within **The French Pastry School Career Services**, we distinguish between Career Education and Career Placement.

**Student Services**

**Career Services**

We define **Career Education** as teaching students how to effectively network, find their own employment, present themselves professionally online, and create and maintain their own professional resumes. We require all students to actively engage in the Career Education piece of our curriculum as we believe the experience will serve them well in many areas throughout their lives.

We define **Career Placement** as seeking multiple positions for each of our graduates and forming corporate alliances to make as many connections as possible for our students to take advantage of.

While we work diligently to encounter and communicate every possible job opportunity in the pastry industry to ensure our students can find multiple employment options, the ultimate responsibility of finding and securing a job falls on the student.
We strongly encourage all our students to enter the market with a paying position as early as possible, but we recognize that this is a service which may or may not be taken advantage of by our students.

**Career Education** assistance begins as soon as you submit your résumé with your application. With this as a starting point, we help you edit and tailor it to the food industry throughout your time here as a student. The full-time program curriculum includes brief lectures on topics such as marketing, accounting, and the job search process from specialists in their industries.

In the classroom, our Chef Instructors, who come from successful pastry careers themselves, provide insight and real life anecdotes of their experiences in the kitchen.

In addition to your kitchen classroom education, students of L’Art de la Pâtisserie and L’Art du Gâteau are required to complete a minimum of two stages. **Staging** is the traditional practice of volunteering in a kitchen for one shift (or more) to gain experience. It is also an ideal way to find out, first hand, which type of food business and position is ideal for you.

Staging can be a great résumé builder and a way to open doors to future employment. We strongly encourage all of our students to participate in as many stages as they are able to throughout their time at The French Pastry School.

During the program, you are provided with opportunities to form a variety of contacts in Chicago and across the nation. We help you to make connections, establish relationships with chefs and businesses, and encourage you to take advantage of the school’s extensive network. These relationships last a lifetime and The French Pastry School will remain a resource for the rest of your career.

Potential employers from all over the United States, as well as elsewhere in the world, contact us every day seeking to hire our alumni.

There are many career directions that our graduates have taken: working in restaurants, catering companies, hotels, bakeries, food styling, food writing, food sales, wedding and celebration cake boutiques, teaching, research and development, country clubs, resorts, cruise ships, new business ventures, chocolate candy businesses, among others. Many alumni have opened their own businesses in all of these areas, and continue to hire new graduates of The French Pastry School’s full-time programs.

The French Pastry School cannot and does not guarantee employment or promise a particular level of income, or wage rate to any student or graduate.

**Students with Special Needs**

The French Pastry School accepts Individual Education Plans from students or prospective students and coordinates services such as note sharing, reading of tests, extra exam time and other services to help students with special needs be successful in our programs.

Furthermore, under current contract with City Colleges of Chicago, The French Pastry School is able to provide reasonable modifications and/or accommodations to qualified individuals in accordance with the Americans with Disabilities Act (ADA) of 1990, Section 504 of the Rehabilitation Act of 1973, and all pertinent federal, state and local anti-discrimination laws. Each student’s needs will be assessed on a case-by-case basis.

The priority of The French Pastry School is the safety of all students, faculty and visitors to our kitchens. Therefore, due to the demanding physical nature and types of equipment involved with hands-on, kitchen training, The French Pastry School may not be able to accommodate all special needs. The French Pastry School works diligently to provide accessibility to all interested parties.
Students who believe they have a need for disability accommodations or modifications are responsible for requesting such accommodation or modification in a timely fashion during the admissions process and are responsible for providing all requisite documentation to verify eligibility to the Disability Access Centers of City Colleges of Chicago.

**Transfer of Credit**

A student’s official transcript with current college credits must be requested from KKC as outlined in the Procedure for Obtaining Student Transcripts section of this document. Due to the highly specialized nature of training provided by The French Pastry School, we will provide students and alumni with unofficial transcripts including student grades and module descriptions. Transferability of these credits to other institutions is on a case-by-case basis with many contributing factors. It is for this reason that it is very important to consult with The French Pastry School and the institution to which you wish to transfer.

**Advanced Standing**

Sanitation class will be held in the first two weeks of class. If you are already ServSafe® Manager certified, please send a copy of your certificate to your admissions contact for your file. Certified students are not required to attend classes on the two days that the sanitation course is being administered. In addition, you will receive a tuition credit of $140. A successful completion of this course is necessary to graduate. Only a United States issued certificate will be accepted.

Accordingly, The French Pastry School encourages the informal and prompt settlement of grievances and, if necessary, the use of the orderly processes set forth in this grievance procedure, designed to protect due process and academic freedom and to respect professional conduct.

Grievance proceedings shall be maintained as confidentially as possible, allowing for the need of the grievant, the person(s) grieved against, and the institutions to gather and present evidence concerning the grievance at these institutions and in other outside proceedings. All hearings shall be held in private and the school shall maintain a written record of its handling of all student complaints.

If any student feels he/she has been mistreated by another student, or a member of The French Pastry School staff, the following procedure should be followed:

1. If the student believes he/she is in immediate danger, or is threatened in any way, security should be notified immediately and a report filed.

2. If the student feels aggrieved by a staff person, the student should submit a written complaint within five (5) days of the incident, describing the aggrieved incident to the staff person’s supervisor. The supervisor will investigate the incident and report back to the student their finding within five (5) school days. Based on the supervisor’s findings the grievance will be presented to the Deans of the school.

3. If the student feels aggrieved by a fellow student, the student should submit a written complaint within five (5) days of the incident to the Dean of Student Services, or their designated representative, detailing the aggrieved incident. The matter will be investigated and a response will be provided to the student within five (5) school days. If it is determined that a hearing is warranted to resolve the matter, a Student Disciplinary Committee (comprised of students, faculty, and administrators) will be convened to hear the grievance and render a recommendation. The Dean will receive the Disciplinary Committee’s recommendation and make a final decision on the matter within five (5) school days from receiving the ruling from the committee. The student filing grievance should be notified in writing of the final ruling within five (5) school days of the hearing.

Grievances with an instructor or staff member or with policy and procedure should first be discussed with the individual involved, or the person enforcing the policy. Should this fail to be resolved, a written grievance should be addressed to the Director of The French Pastry School.

If the school fails to satisfy the student grievance, the student may file a complaint with the City Colleges of Chicago following the procedures outlined in the City Colleges Student Policy Manual or with the State Board of Education. A written finding will be issued to the person filing the complaint and the Director of The French Pastry School.

Students’ Rights and Responsibilities to Review Records Policy

The French Pastry School’s L’Art de la Pâtisserie program is 24 credits, divided into 6 courses of varying credits. The L’Art du Gâteau program is 16 credits, divided into 5 courses of varying credits. All students are evaluated for satisfactory academic progress every two weeks.

• Quantitative progress is defined as the credit hours achieved divided by the credit hours attempted. To be making satisfactory academic progress, a student must have successfully completed at least 75% (9 of 12) credits attempted at each interval of evaluation.

• The student’s cumulative grade point average is reviewed to determine qualitative progress. The minimum GPA required is 2.0.

Grades of “F” and “I” are counted as hours attempted but not achieved and have a 0.00 value toward the GPA. Repetitions of course work are counted as hours attempted. The lowest grade will be dropped and the highest grade will be used to calculate the GPA. Course work repeated may adversely affect a student’s academic progress in terms of the maximum time frame, which is 150% of the published length (in credit hours) of the program.

Students who withdraw from the program will receive a grade of “W”, which has no impact on the GPA. The credit hours for the courses are counted as attempted but not achieved.

Academic Warning
If a student fails to maintain the required academic progress at the end of any term, he/she will be placed on Academic Warning for the next term. The student must attain the required GPA and/or number of achieved credit hours during the warning period or he/she may be dismissed from school.

Students will be notified in writing (email & hand delivered or certified mail when necessary) when they are placed on warning and be informed of the steps necessary to be removed from warning status. Students will also receive attendance or academic counseling, from the Chef Instructor or Academic Dean of Student Affairs, as appropriate, when they are placed on warning.

The French Pastry School and City Colleges of Chicago’s SAP Policy
At program midterm, the current academic standing of a student is reported to the City Colleges of Chicago. Failure to meet satisfactory progress and exceeding the maximum time frame can affect a student’s eligibility for financial aid. The student must attain the required GPA and/or number of achieved credit hours during the warning period or he/she will no longer be eligible for financial aid and may be dismissed from school.
The student is eligible for financial aid during his/her warning status. The French Pastry School reports on credit hours and grade point average completed within the FPS program.

**Appeal Process**

Any student not attaining the required GPA or achieved hours during the warning period will receive a written dismissal notice, sent by email and hand delivered to the student, using certified mail if necessary. The student may submit a written appeal of his/her dismissal within five business days of receipt of the dismissal notice. The appeal should be addressed to the Dean of Student Affairs. The appeal must be accompanied by documentation of the mitigating circumstances that have prevented the student from attaining satisfactory academic progress and evidence that changes have occurred to allow the student to now meet standards of satisfactory academic progress. Only extraordinary circumstances will be considered, such as death or severe illness in the individual’s immediate family or in the individual themselves. Before an appeal may be granted, a written academic plan must be provided to the student which clearly identifies a viable plan for the student to successfully complete the program within the maximum timeframe allowed.

The Dean of Student Affairs will assess all appeals, and determine whether the student may be permitted to continue in school on a warning status, despite not meeting the satisfactory progress requirements. The student will be sent the written decision within ten days of the school’s receipt of the appeal. The decision of the Dean is final.

Students reinstated upon appeal are on a probationary status for the next evaluation period, during which time they must meet the terms and conditions set out in the committee’s letter granting the appeal. At the end of probationary period, and monthly thereafter, the student’s academic status will be reviewed. The student may continue on probation as long as he or she meets the terms of the academic plan approved at the time the student’s appeal was granted, until such time as satisfactory academic progress status is regained.

**Maximum Time Frame**

All program requirements must be completed within a maximum time frame of 1.5 times the normal program length, as measured in attempted credit hours. The LAP program, 24 credits in length, must be completed within 36 attempted credits. The LAG program, 16 credits in length, must be completed within 24 attempted credits.

**Transfer and Readmitted Students**

Transfer students from outside the institution will be evaluated with the above measures only on the work completed while at this school.
